MAGIC CARPET

What Are We Learning

Our Topic:

This half term the children will be discovering a 'Magic Carpet'. This will start their journey through exciting destinations of: Space, London, Dino World, Under the Sea and India. The children will be discussing the different facts and information they learn through the journey of the magic carpet. We will be looking at maps and atlases to think about where we would like to travel in the world. Keep an eye on Seesaw for updates of our magical journey...

Understanding the World:

This half term the children will have lots of opportunities to discuss other cultures and beliefs. The children will finish their exciting topic by celebrating the Indian festival of Holi with a Colour Run!

PE:

This half term we are focusing on basic Gymnastics shapes and movements.

My Happy Mind

In Early Years the children have enjoyed starting their 'My Happy Mind' journey and completing their first module 'Meet the Brain'. This half term we will be focusing on 'Celebrate'. This module will look at character strengths and how to celebrate love and kindness.

Upcoming Dates

- 5th May - Bank Holiday
